

SB-100 PRO 2.5 UNIVERSAL TIME CLOCK

SIMPLY ICON. QUICK. RELIABLE. SIMPLE TO INSTALL.

2.5 PRODUCT HIGHLIGHTS

- Software is on the clock. Never a monthly fee to use. Time Clock hosts its own Website
- Supports up to 25 employees. Expandable to 250 employees per system
- Compatible with all operating systems: windows, apple os, linux
- Global add hours (add hours for multiple employees, with a single transaction)
- Comes with a 1-year hardware warranty and 30-days free technical support

The SB-100 PRO 2.5 provides your small business organization, with a quick and reliable automated time and attendance solution that will instantly control labor costs, by impacting your bottom line with a hassle-free pay day.

The SB-100 PRO is unlike old-fashioned manual time tracking systems that expose your business to risks associated with inaccurate time tracking; buddy punching, over paid employees, noncompliance and payroll corrections after a pay period has ended

The SB-100 PRO 2.5 allows employees to easily clock IN and OUT using keypad. Meanwhile managers can easily, at anytime, access the time clock to monitor attendance, generate payroll reports and timecards at the click of a mouse.

The SB-100 PRO 2.5 is quick to set up and simple to use. Viewing and editing reports is intuitive and easy to learn, making this the ideal system for companies that have never before used an automated time clock.
