

Icon Time Systems' SB-100 Employee Time Clock Upgrade Sheet

In small business, big growth can happen at any time. When the time comes, an upgrade to your SB-100™ will give you the following benefits crucial to any business growth:

- ✓ Insert punch data from your PC
- ✓ Time Rounding
- ✓ Export data to most popular payroll programs
- ✓ Track exact manufacturing costs by using Job Costing
- ✓ Bell relay - signal shift changes or break times
- ✓ Automatic or manual lunch breaks
- ✓ Optional door alarm- limit door access to employees only
- ✓ Optional HR, benefits, and job costing modules
- ✓ Optional Scheduling and Lockout module- eliminate unauthorized hours
- ✓ Optional Ethernet or modem- access data on your office network
- ✓ Sophisticated and intuitive software, TimeVue or TimeSource Complete, to keep pace with your changing needs.

**An upgrade for you SB-100 Employee Time Clock is just a
phone call away!**
